Hi Gary –

Here is an update to Appendix B of the 60-day deliverable sent to you yesterday.  
This final lab report was just provided by the lab today due to the change to  
Neanthes from the proposed earthworm tests for the soil samples.

Thanks.

Eric:

The above report from PBS&J is attached for your submittal to EPA. Yesterday's BERA Day 60 Deliverable included preliminary lab results for the 21-day Neanthes tests (Appendix B-2) that this report replaces.
